## General Comment

Don't touch my IRA's! The money I have put into my personal IRA accounts were put there specifically for a purpose, and I earned every penny that is in them. I have paid my taxes on the funds in my Roth already, and will pay my due on my Traditional when that time comes. I will depend heavily on these funds when that time comes. Please DO NOT interfere in my personal investment business. My business is my business, whether it's right or wrong. My God-given free will should determine my future, not my government. Those of the working class that are attempting to secure a stable future depend on these investments in days to come, and we work very hard to earn the funds to invest. Please don't make life harder for us. I am not rich. Every penny counts. If you believe in this country, help us succeed, don't knock us to the ground. Thank you for your consideration, and God bless you all.

Sincerely,

Christi Kendrick
